# LASER DATA QC/INTEGRITY LOG

| Flight Number                                  | 01                                                                                                                                          |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Flight Date (ZULU)                             | 12/22/08                                                                                                                                    |
| Pilot/Co-Pilot                                 | Lexi/Rory                                                                                                                                   |
| Operator(s)                                    | Nick + Michael                                                                                                                              |
| Line Numbers                                   | L420                                                                                                                                        |
| First File Name: 081222_022041-AGAP-FO1000.2dd |                                                                                                                                             |
| Filename                                       | Event                                                                                                                                       |
| FO1000, FO1001                                 | On ground – pre-flight                                                                                                                      |
| FO1002                                         | Takeoff <i>Lexi</i>                                                                                                                         |
| FO1016                                         | Landing (~midway thru file)                                                                                                                 |
| /                                              | On ground – post-flight                                                                                                                     |
| FO1002                                         | after takeoff, spotty edges as incr. alt. (600m seems to be approx. alt limit of data return → gets spotty + then nothing for rest of file) |
| FO1003                                         | no data – <del>data</del> flight ht. too high                                                                                               |
| FO1004                                         | 0 kb file – acq. error – next file opened properly (would have lost 15 mins. of data but too high)                                          |
